

**Wisconsin Bioenergy Initiative and Agricultural Ecosystems
Research Group invites you to COMMUNITY DISCUSSIONS
ON WISCONSIN'S ENERGY FUTURES**

Posted May 18, 2010

Join us for a dialogue around our shared energy future that engages the resourcefulness and imagination of citizens. The Community Discussions are designed to help us better understand public knowledge, questions, concerns and needs for information around energy and to elicit community ideas and suggestions for designing our shared energy future.

Event Details:

Monday, June 7th 2010: 6:00-9:00 p.m.

Mineral Point High School, Commons Area

705 Ross Street

Mineral Point, Wisconsin

The discussions feature speakers from Wisconsin Energy Conservation Corporation, Energy Center of Wisconsin, Premier Cooperative, Agricultural Ecosystems Research Group, and Wisconsin Bioenergy Initiative. In collaboration with Rep. Hilgenberg, Rep. Garthwaite and Sen. Schultz.

The event is free and open to the public, and beverages and light refreshments will be provided. **Please RSVP to Falcia Roper at froper@wbi.wisc.edu by Friday, May 28th. [Click here for the formal invitation.](#)**
