

## Internet Accessibility (Broadband) Survey

**The Iowa County Board wants to hear from you!** The Iowa County Board of Supervisors is looking to gather data on the internet accessibility in all of Iowa County. They are asking residents from all over the county to please fill out the online survey from your home (so you can test your connection at [www.speedtest.net](http://www.speedtest.net)) by going to this website: [https://uwex.co1.qualtrics.com/jfe/form/SV\\_3F64aF3HGKkm7Ji](https://uwex.co1.qualtrics.com/jfe/form/SV_3F64aF3HGKkm7Ji)

The data gathered will assist Iowa County in becoming more competitive in the Broadband Expansion Grant Cycle from the Public Service Commission. If a resident does not have internet access at their home we would ask them to go to a public library or to the Iowa County Courthouse and take the survey on a computer there. The information from a home with no internet is equally important. **The survey closes on April 30, 2017.**
