## Rural Broadband: It CAN be done!

We have heard the barriers to building out rural broadband, now we invite you to come and hear the other side of the story from people who have made it happen and make it work.

Speakers will include Joe Esbrook from Packerland Broadband/CCI Systems and David Lois from WiscNet - Wisconsin's Research and Education Network.

Also, see the first public viewing of WI Public Television videos on rural broadband featuring local businesses, including My Tires, Carr Valley Cheese and Web Wise Design.

**Come and hear the latest in broadband news and find opportunities for collaboration.**

**Event starts at 5:30 p.m.**

Tickets are \$15
